

SPECIAL MEETING MINUTES
ORANGEVILLE TOWNSHIP BOARD/BARRY COUNTY ROAD COMMISSION
July 21, 2023

Meeting called to order 1:30 pm. All board members present. Also present from BCRC; Jake Welch.

Information meeting regarding gravel trucks on township roads.

- Jake Welch advised board the road commission can charge gravel company for damage to roads with documentation from BCRC.
- Keller road is not a designated truck route at this time.
- Jake will check to see if a truck speed limit can be added to Keller Rd.
- Hidden driveway sign/speed advisory may be possible, but BCRC states they have found signs are not very effective.
- Possibly widen the road for safety, but very expensive.
- Road study would have to use accidents/traffic speeds, etc. in order to change present speed limit.

Basically, not a lot of effective options for township to implement

Meeting was adjourned at 2:40 pm.

Unapproved minutes
